

1.write a python program that uses a for loop to print numbers from 1 to 5?

```
for number in range(1, 6):
```

```
    print(number)
```

2.write a python program that uses a for loop to iterate over a string and print each character on a new line?

```
string = "saikumar"
```

```
for character in string:
```

```
    print(character)
```
